This is the organization we are going with:

Center for Student Missions

NYC is often considered the most cosmopolitan city in the United States with residents from over 180 different countries. It is the headquarters of the United Nations. Immigrants of Irish, Italian, Chinese, Korean, Puerto Rican, Mexican, Dominican, Jamaican, Iranian, Arab, Greek, African, Jewish (and more) origin all have enclaves within the city.

This is where we are staying!

NYC has a higher Jewish population than Jerusalem. The glimmers of light are all the churches, ministries, social services and justice organizations comprised of hard working, passionate people who labor daily to create change in the lives of people and change in oppressive systems. They are people who are living out God's call to be His hands and feet in practical ways and they are willing to let us help!
